### Designed to be Different

The MicroTouch™ M170 Touch Monitor from 3M was designed to be different. The result of extensive customer research, innovative industrial design, and years of touch technology expertise, the M170 monitor's unique mechanical and technology features offer premium performance for a wide-range of implementations.

- Ships with all cables fully attached and ready for use.
- Out-of-the-box wall mountable
- Peripheral Attachment System – Mount your preferred peripheral device or simultaneously mount multiple peripheral devices.
- Display angle adjustable within a 95° range.
- Cables, connections and power supply are all concealed, and peripheral cables can be concealed as well.
- Complete multimedia package, lockable on-screen display controls, and full VESA-mounting compliance.

At 3M Touch Systems, we know each touch monitor application has a unique set of requirements. That's why the MicroTouch™ M170 touch monitor relies on MicroTouch™ ClearTek™ II touch screens, combined with the solid foundation of MicroTouch™ EX II electronics and robust MicroTouch™ software. The M170 touch monitor offers high endurance solutions for a multitude of touch applications where exceptional performance, vibrant optics and environmental robustness is mission critical, 24/7.
